

Architectural elevation drawing of the Latteria Sociale Casale di Bismantova. The drawing shows a yellow building with a red-tiled roof and a section with vertical wooden cladding. Labels include 'Latteria Sociale Casale di Bismantova', 'Latteria Soc. Casale di Bismantova', 'LINEA DI CONFINI', 'struttura in ferro', and 'berlinese'.

Architectural drawing of a building facade. The main structure is a long, low yellow wall with three rectangular windows. To the left, a green hatched area is labeled "LINEA DI CONFINE" and "berlinese". To the right, a taller yellow building with a red-tiled roof is visible. The drawing is a technical sketch with black outlines and color fills.

Architectural cross-section of a building facade. The diagram shows a central window unit flanked by green wall sections. The green wall on the left is labeled "quinta a verde in progetto" (planned green layer) and "quinta a verde esistente" (existing green layer). The green wall on the right is labeled "quinta a verde in progetto" and "recinzione in progetto" (planned enclosure). The central window unit has a roof structure with a 10% slope (P=10%) and a height of 1.80. The window opening is 7.39 high. The base of the wall is at ±0.00 P.F. (Finished Floor). The ground level is indicated by a dashed line at 0.20. The wall structure includes insulation (berlinese) and a concrete base (muro in progetto). Dimensions for the green wall sections are 4.50 and 5.80. The central window unit has a height of 9.50. The roof structure has a height of 1.80. The ground level is indicated by a dashed line at 0.20.
